

# Communion at Home

## - Pandemic Procedures...

By Rev. John King

Please prepare to receive the sacrament of Communion at home during Holy Week.

Maundy Thursday (April 9) and Easter Sunday (April 12) we'll do something unprecedented.

I ask that you prepare a special place at home with a plate of bread and a glass of wine or juice. If possible, try to create a simple, but sacred space with a flower or candle.

Try to use what you already have at home, since we're trying avoid extra shopping trips.

During the live online service, our church family will be scattered, yet gathered in prayer. Together, we will pray and bless those elements for communion in your home.
